

Electric Vehicle Purchase Incentive

This program provides rebates to Riverside Public Utilities residential electric customers who purchase an electric vehicle that is used as a primary or alternate means of transportation.

Qualifying Vehicles

Rebates are available for new electric vehicles. Hybrid vehicles and golf carts do not qualify for this program. Riverside Public Utilities reserves the right to determine product eligibility.

Rebate Amounts

Customers will receive rebates of 5% of the vehicle’s total cash price* up to \$5,000. Rebates are available for the purchase of up to two vehicles per electric account. Rebates are paid to the Riverside Public Utilities electric customer of record only.

Program Guidelines

- This program is available to RPU residential electric customers only.
- Qualified vehicles must be purchased for use by the family of the RPU customer of account residing at the service address.
- Completed application (below) must be submitted within 120 days of receipt purchase date in order to qualify for rebate. Copies of the detailed, dated sales receipt/invoice must be provided and is subject to verification. Send to address on back of this brochure.
- Program is subject to change without prior notification. Rebates are given on a first come, first served basis subject to fund availability.

**Total cash price is the dollar amount of vehicle before fees, taxes, accessories, or any optional costs are added.*

ENVIRONMENTAL BENEFITS

Zero Emissions vehicles help keep the air clean and use less energy to operate than fossil fuel vehicles.
